NEW

3 WAYS TO REGISTER

- 1 **Online** www.burnabyce.ca
April 10 - July 6
- 2 **By Phone** 604-296-6902
April 18 - June 30: Mon - Fri, 9:30am - 4pm
July 4-6: 9am - 3pm
- 3 **In Person** 5325 Kincaid Street
April 24 - June 30: Mon - Fri, 9:30am-3:30pm
July 4-6: 9am - 3pm

IMPORTANT INFORMATION FOR NON-BURNABY SCHOOL DISTRICT STUDENTS

To select courses **ONLINE** starting April 10, **YOU MUST PRE-REGISTER IN PERSON** (5325 Kincaid Street) April 3 at 9:30am - 7pm and April 4 & 5 at 9:30am - 3:30pm.
Or REGISTER IN PERSON starting April 24.
Be sure to bring the following with you:

- **Proof of student's birthdate**
(birth certificate or passport)
- **Proof of guardianship**
(parents' or guardians' as shown on birth certificate or other appropriate legal documentation such as landed immigrant paper or guardianship order granted by the courts)
- **Proof of citizenship for both the parent and the student**
(Canadian birth certificate, citizenship card, passport, landed immigrant document, permanent resident card)
- **Proof of residency of the parent or guardian and student - 2 required, with at least 1 from Category A**
Category A: proof of ownership of dwelling or long-term lease or rental of dwelling; legal documents indicating BC residence; parent or guardian filing income tax returns as a BC resident
Category B: BC hydro bill, BC cable bill, Provincial driver's licence, provincial registration of automobile, Canadian bank accounts or credit cards
- **Copy of student's most recent school marks**
(report card or transcript of academic record)
- **BC Personal Education Number (PEN)**
- **IEP (Learning support, if applicable)**

Tuition Free

A limited number of academic courses are funded by the BC Ministry of Education making them tuition-free for eligible students who meet the following criteria. Your child must:

- be a Canadian Citizen, permanent resident or convention refugee
- attend a BC school in the 2016-17 school year and ordinarily resides in BC with parent/guardian
- have a BC Personal Education Number (PEN)

Students must meet the criteria above* and provide their Personal Education Number (PEN) when registering. ONE tuition-free academic course per eligible student. Full attendance is required.

Those not eligible or those signing up for courses requiring fees must pay by cash, money order, or Visa or Mastercard.

Learning Support

If your child has an IEP and/or a Fraser Health Care Plan or Consultation Report, and is currently receiving additional learning support from an Education Assistant at school, you **must register by May 12**, and indicate this at the time of registration. First priority of students requiring additional learning support will be given to Burnaby School District regular session students. Students who register after May 12 will be placed on a waitlist, and are **not guaranteed a summer session placement**. Students on the waitlist will be contacted if a space becomes available and will only be registered when the space is confirmed.

Transfers & Refunds

A \$35 fee will be charged for all requested transfers unless recommended by the Burnaby School District.

A \$35 registration fee will be retained for all requested refunds for courses requiring fees. Requests for refunds must be made in writing and include original receipt.

JULY 12: FINAL DAY FOR TRANSFERS AND REFUNDS

Course Locations & Cancellations

Courses and their locations cannot be guaranteed.

Course offerings are subject to sufficient enrolment and may be moved or cancelled prior to the course start date.

For updated information, visit www.burnabyce.ca

IMPORTANT: Final report cards must be presented to the teacher on the first day of academic classes

SCHOOLS OFFERING MORNING & AFTERNOON COURSES

Students should bring their lunch
if staying for the morning and afternoon.
Supervision is provided.

Grade 7/8 Transition

ACADEMIC COURSE

Are you on your way to secondary school in September? Grade 7/8 Transition is designed to help students navigate the transition between elementary and secondary school. This course will touch on personal responsibility, skill building and relationships. Some objectives include building confidence, enhancing a positive attitude toward learning and engaging in the new curriculum’s Core Competencies.

ACADEMIC COURSE DESCRIPTIONS

One Tuition-free academic course per eligible student

Art: "Masters" Exploration (Intermediate)

Come learn to paint, draw and design like the old and new masters. You will learn to do art in the style of Vincent Van Gogh, Henri Matisse, Edvard Munch and others.

Athletes & Literacy (Intermediate)

Read, Write, Perform! A fun way to combine reading and writing with basketball and athletics. Learn and improve your basketball skills and learn more about sports and athletes through reading and writing response journals. Each day's session will be a combination of basketball skills, daily physical training and in class time to read, write and learn!

Brain Gymnastics (Intermediate)

Give your brain a fun workout every day! Learn strategies to see fascinating puzzles from different perspectives and find creative solutions to interesting challenges. This course will help students improve their skills in creative problem-solving and critical thinking such as observing, comparing, analyzing, evaluating and drawing conclusions.

Computers & Digital Citizenship (Primary)

Do you want your child to access the internet safely and be respectful while online? This course will give them the tools to be proper "Digital Citizens" while being introduced to computational thinking and how to use basic code. Your child will learn how to use basic functions in word processing programs such as Word and PowerPoint as well as online software to learn how to tell a digital story.

English Language Learners

These classes are designed to provide opportunities for elementary students to improve their English language skills in an interactive and social environment. The focus is on listening, speaking, reading and writing along with increased vocabulary development. Grade 7 students may register for either the Elementary ELL Program or Secondary ELL Program.

Essay and Report Writing (Intermediate)

Learn an easy to follow formula to help communicate ideas and focus thoughts while adding style and meaning to your writing. Students will practice fundamental skills of paragraph organization, topic development, effective conclusions, and revision/editing skills.

Fairytales to Film (Intermediate)

Language and story can be a source of creativity and joy. Drama is a unique language for creating and communicating. Explore storytelling processes and plan and create a variety of communication forms and for different purposes and audiences.

Following Your Own Footsteps (Intermediate)

Students will venture outdoors everyday to uncover the local flora and fauna of the Deer Lake area, and learn how they impact their local environments.

French Introduction and Enrichment (Intermediate)

Looking to maintain or improve your child's French during the summer? Thinking about Late French Immersion? This activity- centred and communicative-based course will keep students moving and having fun in French. Open to beginners and novice students.

Fun in the Sun With Reading (Primary)

Develop an appreciation for the enjoyment of literature, increase confidence with the printed word and get a jumpstart for September. The development of literacy, critical thinking and higher level thinking skills will be stressed while participating in a variety of literary experiences.

Get Outdoors: Healthy Bodies. Healthy Minds (Primary)

This class cultivates creativity, imagination and a sense of wonder. Students will develop healthy bodies and minds; including important observational, sensory and experimental skills, while building connections to the community.

Grade 7/8 Transition

This course is for students that have successfully completed grade 7 and would like exposure to life at the secondary level. An introduction to Mathematics 8, English 8 and expectations and behaviours required for success in grade 8.

Hour of the Code (Intermediate)

Every student should have the opportunity to learn computer science. It helps nurture problem-solving skills, logic and creativity. By starting early, students will have a foundation for success in any 21st -century career path. The Hour of Code started as as one hour introduction to computer science, designed to demystify "Code," to show that anybody can learn the basics and to broaden participation in the field.

Imagination Quest (Intermediate)

Your imagination can take you anywhere! An iPad can help you in that journey too. In this creative, imaginative course students will learn critical thinking, spontaneous problem solving skills, and the power of group work while building spaceships! Children will document their exploration via iPads and explore their ability to problem solve in critical and creative ways.

Manga Mania and the Graphic Novel (Intermediate)

Bring Manga characters to life by exploring drawing, rendering and painting techniques. Develop your own story full of adventure and delight. Your imagination and love of drawing are all you need.

Math Workshop (Intermediate)

Students will be involved in activities that review and further develop their numeracy skills in the Number, Patterns and Relationships, and Shape and Space strands of the curriculum. Students will be exploring concepts concretely, pictorially, and symbolically.

Modern Music (Intermediate)

Rock out this summer! Play, sing and perform your favourite rock and pop songs. We provide everything you need - guitars, bass, keyboards, drums and microphones for singers! It's a great way to improve your technique and learn pro tips for performing with a group if you already play or sing and a fun introduction to being in a band even if you're new to an instrument. Our fun three week program covers different eras so you'll learn new songs too!

The final day is a real rock concert in the gym for all summer school students and staff! See you there and let's ROCK!

Odyssey of the Mind (Intermediate)

Do you like working with hammers and saws? Do you enjoy crafting? Are you interested in how to make a vehicle move by itself? Design it! Build it! Make it go! We'll think, act and make our way through creative problems that include construction, vehicles, drama and art. Learn new ways of thinking about everyday problems. Join us on an Odyssey of the Mind!

ACADEMIC COURSES DESCRIPTIONS ~ Continued

One Tuition-free academic course per eligible student

Ready! Set! Go! (Going into Grade 1)

Students who have successfully **completed** Kindergarten can participate in this hands-on course which is designed to stimulate minds in playful ways through engaging activities in a social setting.

Ready! Set! Go! (Going into Grade 1 - French Immersion)

Students who have successfully **completed** French Immersion Kindergarten can participate in this hands-on course which is designed to stimulate minds in playful ways through engaging activities in a social setting.

Ready! Set! Go! (Going into Grade 4)

This course is for students who have successfully **completed** Grade 3. Organizational skills, behavioural expectations and basic reading, writing and math skills will be explored in a relaxed and inviting atmosphere to help your child be successful in Grade 4.

Ready! Set! Go! Going into Grade 4 (French Immersion)

This course is for French Immersion students who have successfully **completed** grade 3. Students will be offered skill practice and strategies to be successful in Grade 4.

Skill Development (Primary and Intermediate)

These courses provide your elementary-aged child with the opportunity to practice and review Language Arts and Mathematics foundation skills in individual and group settings.

Skill Development (Primary - French Immersion)

This course is for elementary-aged French Immersion students. It gives them the opportunity to practice and review Language Arts and Mathematics foundation skills in individual and group settings.

Sports and Rec (Primary and Intermediate)

Continue to develop your physical abilities through a variety of athletic activities. Skill development, game strategy, physical fitness and recreation opportunities will help you hone your athletic skills. Learn the health benefits of regular physical activity and how to access opportunities to be active in the school and community through this fun and informative course. Participants will learn to set goals, develop a plan, and work towards improving fitness levels and developing new physical activity skills.

Summer Fun with Music (Primary)

Come and spend your mornings playing with music! This class uses traditional hand-clapping, ball-bouncing and skipping games to learn music. We will play musical games outside and then come inside to play the rhythms and melodies of the chants and songs on a variety of instruments. The class will include some free exploration of instruments.

Smart Start Art (Primary)

This art course focuses on developing interactions between each student's creative expressions and their personal appreciation of art. Students will design a portfolio: a collection of their summer artwork and artistic ideas. Projects include drawing, painting, printmaking and image development.

Surprising Science (Primary and Intermediate)

Students in both the primary and intermediate programs will have fun while learning scientific principles and methods through active hands-on experimentation.

Top Hits Kids Band (Intermediate)

Students explore and re-create popular music. This course will help students find the skills and experience music-making through the use of classroom instruments. Through the use of these instruments, they will learn to recreate the popular song and make it their own. Students will explore and understand basic instrumental skills, band etiquette, instrument role, balance, lead singing, harmony singing and showmanship.

Writer's Workshop (Primary and Intermediate)

Do you have a burning desire to be an author? Primary students will work together to build ideas, frame their thinking and use writing to communicate their thinking in a powerful way. Intermediate students will be taken through the steps of the writing process in order to further develop their skills in drafting, editing, revising, and critiquing their writing.

ACTIVITY & ENRICHMENT PROGRAMS & CAMPS

Requires tuition ~ See page 3

Drama/Musical Theatre (Going into grades 2-7)

Are you interested in drama and improv? Are you interested in participating in a play or musical? Students will have an opportunity to build their own sets and props during art activities and perform in their own play or musical.

Enrichment & Recreation (Going into grades 2-4)

During this course students will be involved in leadership activities, sport and recreation activities, art workshops and a variety of fun activities to help them build character, explore their passions, and learn to be leaders through a variety of action based, enjoyable activities.

Enrichment & Recreation (Going into grades 5-7)

During this course students will be involved in leadership activities, sport and recreation activities, art workshops and a variety of fun activities to help them build character, explore their passions, and learn to be leaders through a variety of action based, enjoyable activities.

Byte Camps

3D ANIMATION (Ages 11-14)

Dreaming of a career with PIXAR? Ever wonder how those awesome 3D animated movies like *Shrek*, *Toy Story* and *Frozen* are made? Spend the week learning how by modeling, animating and telling your own stories in 3D. You'll use Blender, a wonderful (& free!) 3D software to design characters that jump off the screen and then make them come alive by adding voices, soundtracks and completing your own animated short film. Final projects are usually group projects with each student contributing a character and a scene.

July 10 - 14 9am - 3pm Course #8507
Burnaby North Secondary **\$260**

2D VIDEO GAME DESIGN (Ages 11-14)

Learn how to build an HTML5 game from the ground up using awesome free tools. This is a coding camp, so be prepared to challenge yourself and learn some new skills. Time will be spent learning how to create advanced 2D vector artwork and animated character sprites to make your game look great. The final project is a game you can take home on USB or proudly share with friends online.

July 31 - August 4 9am - 3pm Course #8500
Burnaby North Secondary **\$260**

CLAYMATION MOVIE PRODUCTION (Ages 9-12)

Make your own clay characters come to life, just like Shaun the Sheep! Participants will work with a partner to build their own clay characters, sets and props; develop their own script; shoot their movie scenes; and then learn to edit and add sounds and special effects to complete the whole project. Don't worry parents, there will be plenty of time devoted to outdoor games and activities!

July 17 - 21 9am - 3pm Course #8509
Burnaby North Secondary **\$260**

BUILD AN APP (Ages 11-14)

Learn how to design, code, test and deploy your very own app! Use the GPS, accelerometer or anything else you can think of to build your app from scratch. This is a coding camp, so be prepared to challenge yourself and learn some new skills. Each day, a new project is introduced and students are taken through the steps of understanding and working with the new code ideas. Students will get to work on their own project ideas on the final two days. They may use their own mobile devices to develop and test on, or use ours. No previous experience is required, however Byte Camp 2D Video Game Design is recommended.

August 8 - 11 9am - 3pm Course #8503
Burnaby North Secondary **\$245**

INTRODUCTION TO CODING (Ages 9-12)

Discover how much fun it is to build your own game! Students will be introduced to basic coding skills with easy to use drag-and-drop software, and get to use those skills to make their very own games. Students will also learn how to create their own 2D vector artwork to make characters and levels that are entirely their own. The final project is a game that you can take home on a USB stick or proudly share with friends online.

July 24 - 28 9am - 3pm Course #8505
Burnaby North Secondary **\$260**
